

	TRAVIS COUNTY ESD #5 MANCHACA FIRE RESCUE Department Memorandum	M2018-001
		Effective: 4/1/2018
	Change in Medical Director	Expires: n/a
		From: C. Barron

Travis County ESD#5 has contracted with Dr. Mike Zimmerman to be the Medical Director for our agency effective April 1, 2018.

This change in medical direction will allow for continued BLS medical operations and possibly ILS or ALS cleared personnel in the future.

Dr. Zimmerman will be regularly meeting with our staff, perform call reviews, and provide training to our personnel. Personnel will continue to operate under the ATCOMD protocols until such time that Dr. Zimmerman can meet with staff, review his protocols and provide appropriate training.

Personnel should have their identification badge on them at all times. It is possible that because of our switch in Medical Directors, personnel will be more accountable to field medics and/or OMD staff to show credentials while on a scene. If you have any questions please contact Chief Poole or I.
